Joint stand „Automation meets IT“

Benefit from a strong presence due to the combination of several exhibitors which are combined on the joint stand „Automation meets IT“.

Is your company on the following topics?

Then you fit perfectly to the joint stand „Automation meets IT“.

What to expect?

With a participation at the joint stand we reduce your expenses. As an exhibitor you receive a professional framework to fill it with your products and solutions.

- Specially assigned exhibiton space
- Cost-effective exhibition presence with positive synergy effects
- Full service exhibition booth
- Comprehensive public relations work
- Visitor promotion for further attention

The joint stand is located in hall 6 with the main topic „Software & IT in manufacturing“.

Don't entrust your potential customers to your competitors!
